LO: To organise the structure of the story.

If you would like to remind yourself of the story watch it again on:

<https://www.youtube.com/watch?v=2mSl7JKYSbU>

Every story has a beginning, middle and an end.

Today we are going to look at our story and work out where the pictures belong. Do they belong in the beginning, the middle or the end. I accidentally dropped them and they are all out of order so I need your help.

Look at the story map from last week.

When Snowball crashed in the town was this the beginning, middle or end?

When Snowball was stood at the top of the hill was this the beginning, the middle or the end of the story?

Look at all the pictures and think where they should go.

If you use the pictures working across and number them in in your head 1-8 these are the answers

1 - end

2 - beginning

3 - middle

4 - middle

5 - end

6 - end

7 - middle

8 - beginning

Please refer to the activity planning I send to you on your messages in Class Dojo tailored to suit their level of learning. Please follow this when working with your child to make sure they are working within their own knowledge allowing them to be confident in what they are doing.
