

The Creation Story.

LO: To learn about looking after our natural world.

We have been looking at the creation story over the last few weeks and you have done a lot of work on it, from learning the story and creating art work.

In today's current climate with pollution we are going to look at how we can look after our environment.

We have looked at our favourite natural places and we have liked the woods, the beach, parks and countryside. What spoils these places of natural beauty? Look at the pictures at the bottom of the planning. Would you want to visit your favourite place if it looked like this?

Watch this video on Youtube - It's a collection of Cbeebies programmes on how we can help.

Activity:

This week your challenge is to complete **one** of these tasks.

- Help your parents to sort the recycling.
- Go to Cbeebies and make an old junk craft-
<https://www.bbc.co.uk/cbeebies/curations/junk-rescue-collection>
I liked this one and I am going to make the cacti pebble plant with the old plastic pots from the growing I have been doing with my boys.
Paint pebbles to make cacti and use an old plant pot to display them.
<https://www.bbc.co.uk/cbeebies/makes/junk-rescue-rocks-and-pebbles-crafts>
- Make a compost using a plastic bottle and old food. Watch how to make one on:
https://www.google.com/search?q=home+made+compost+bin+for+children+to+make&rlz=1C1GCEU_en-GBGB852GB852&oq=home+made+compost+bin+for+children+to+make&aqs=chrome..69i57.13199j0j7&sourceid=chrome&ie=UTF-8#kpvalbx=_shTAXrWFA4q_gQaE6afYQAQ38
- Make a junk model dinosaur using your recycling (this is a good way of getting your EAD task done for the week as well - just saying!)
- Look at the PDF on the class web page for recycling.
