### **Castle Pop Art**

Last week we looked at Pop Art. You also drew 3 different types of castles. Today we are going to make our Castle Pop Art.

Get a plain piece of paper and fold this into quarters like you did last week. Choose your favourite castle design and draw over the outlines with a black felt tip pen - you may need your adult to do this.

Once you have done this you will need to trace over this castle into every quarter of the paper.

Then you can colour in the castles - each one in a different colour/design using paint /pen /pencils /chalks to get the pop art look.
