

UW - Tuesday 25th May 2021

Castles - to look at some British Castles and find out the flags for these countries.

UW - Looks closely at similarities, differences and change (W)

We have been looking at Castles and today we are going to look at some castles found in the United Kingdom.

The United Kingdom is made up 4 countries - England, Wales, Scotland and Northern Ireland.

Look at the information document on British Castles on the class webpage to find out some names of castles found in the United Kingdom.

Each country has their own flag - research on the internet what the flags for each country looks like.

Using the castle temple attached or draw your own castle with four turrets - draw flags on each turret to show the flag of each country.
