

Expressive Arts and Design - 17.03.21

Exploring and Using Media and Materials - Children explore a variety materials, experimenting with colour, texture and design.

LO - To use nature's resources to make a fruit face picture.

As we are reading Supertato this activity ties in nicely with it.

Giuseppe Arcimboldo was an Italian Artist. He was born in the 16th Century and lived in Milan, Italy.

He was an Artist best known for creating imaginative portrait heads made entirely of fruit and vegetables, flowers, fish and books.

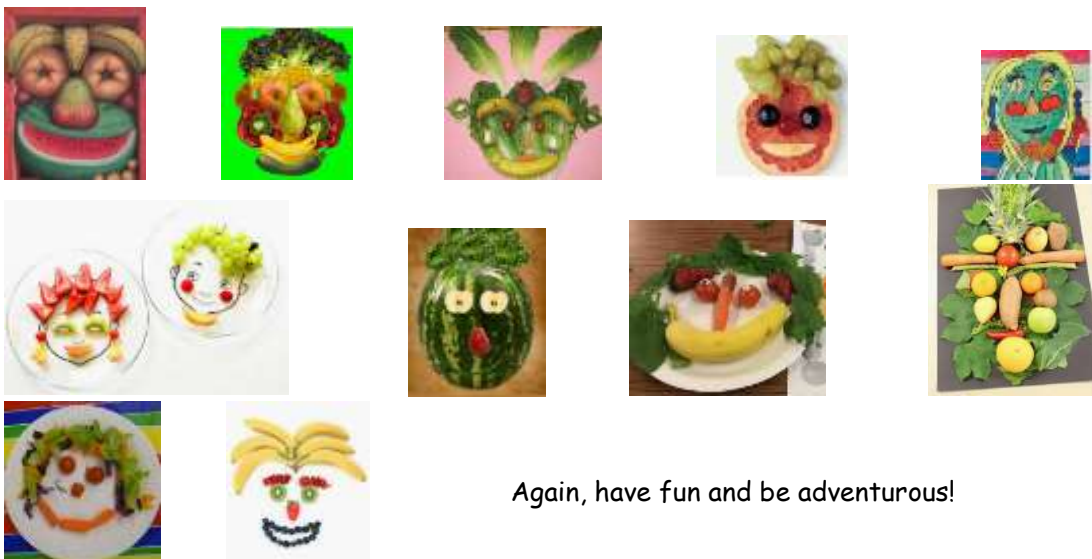

Here are some of his pieces.

There have been many other pieces of art work created which have been inspired by him.

Activity - With the fruit and vegetables you have available in your home make your own fruit and vegetable face. Take a photo or draw a picture of your final piece and send to them to me.

Here are some examples which may inspire you.

Again, have fun and be adventurous!
