

Expressive Arts and Design - 10.03.21

Exploring and Using Media and Materials - Children explore a variety of techniques experimenting with colour and design.

LO - To use fruits / vegetables to make a design pattern.

Orla Kierly is a well know known designer - one of Mrs Balfour's favourite. She began by designing hats and moved on to design work on handbags and other items such as kitchenware. Some of which adorns my kitchen 😊

Below are some patterns she has designed using fruit as her inspiration.

You are going to select some fruit and using paint print some designs - experiment with the fruit. Cut them in different directions and see what shape they make when they print, use different fruits and print on top of each other. Do you need to let the paint dry before printing with another piece of fruit and different colours - explore and see what amazing designs you can come up with.

If you have not got any paint cut your fruit in half and draw around them to get the shape and then colour in.
