LO: To find out where birds live!

We have been looking at birds, so far we have been bird spotting. Today we are going to find out where they live!

Watch - Maddies Do you Know? Birds nest and helmet

<https://www.bbc.co.uk/iplayer/episode/m000h1r8/maddies-do-you-know-series-4-2-birds-nest-and-helmet>

Stop at 7.25mins as this is where the Bird part finishes.

Now that we know where birds live, it is your turn to have a go at making a nest. You have seen the bird make and Maddie.

You will need, sticks, leaves moss.

Have a go and then marvel at how amazing birds are - they have no hands - just beaks and feet/claws!
