

Monday 18<sup>th</sup> January LO: Add by making ten and adding on.

Use the image below and some practical objects: beans, counters, marbles to practically solve the equations by making ten first and then adding on the rest.

$6 + 5 = \square$

$7 + 4 = \square$

$5 + 9 = \square$

$8 + 8 = \square$

$9 + 7 = \square$

$6 + 8 = \square$

$8 + 7 = \square$

$6 + 9 = \square$
