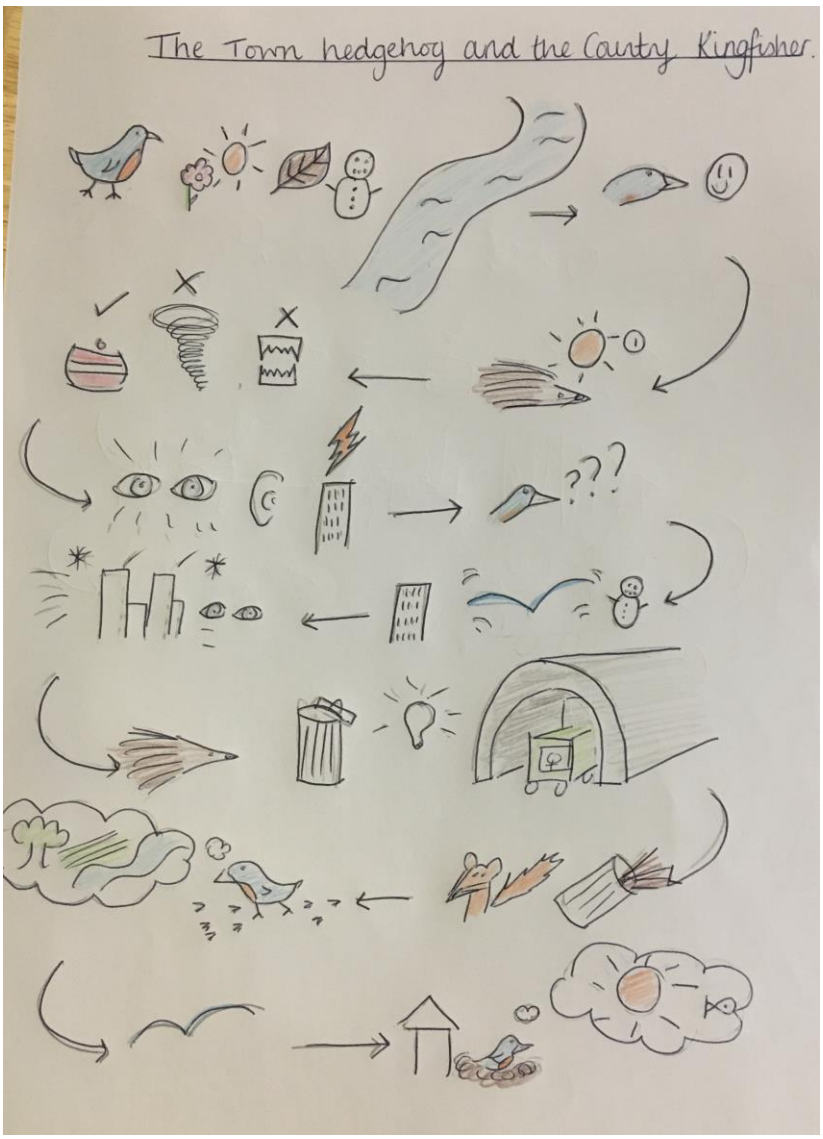
Think about what changes you would like to make to the story. You could change the characters, setting or problem.

Task:

Create a story map of your own version of this story with the changes you want to make.

My example to help you:



- I have changed the characters from mice into the Country Kingfisher and Town Hedgehog.

- I have kept the setting the same.

- I have a similar problem but have changed the animal from a dog to a fox.

Draw your own map and you can upload a picture to show your teacher on Class Dojo.

Finally, use the story map to retell this new version. The more you practice the better, as rehearsing your sentences out loud is the first step of the writing process.
