LO: Drafting

Lesson

Watch the lesson video

Task: Draft page 1 – An overview of Bristol

Use the website <https://visitbristol.co.uk/inspire/all-about-bristol> to discover some interesting facts about Bristol including where it is and what it is famous for.

In today's lesson I drafted my first page of my information leaflet. This was an overview of the city itself including where it is and what sort of city it is.

My first slide to help you. Remember you have a choice on how you want to present this, you can hand write this using folded A4 paper or create it using technology such as mine on a PowerPoint presentation.

Where is Bristol? What is it famous for?

- Bristol is a vibrant city in the South West of the England.
- It is famous for many things including the Clifton Suspension Bridge designed by Isambard Kingdom Brunel.
- The street artist known as Banksy originated from Bristol.
- Wallace and Gromit creators, Aardman, are based in Bristol and are known across the world for their animations.
