LO: Drafting

Lesson

Watch the lesson video

Task: Draft page 3 – Famous people of Bristol

In today's lesson I drafted my final page of my leaflet. This section was all about the famous people of Bristol including our current artist study Banksy.

Famous people of Bristol.

Bristol is home to many famous faces throughout history.

These include:

- Banksy - The street artist who has kept his identity a secret
- J.K Rowling - famous author who wrote the harry potter series
- Patrick Stewart - Actor known for starring in the X-Men series, he trained to be an actor in Bristol.
- John Loudon McAdam - famous for inventing Tarmac
- Nick Park - Creator of Wallace and Gromit and Shaun the sheep

It is now finished and ready to share with people.

You could send your teacher the PowerPoint, take a photo or perhaps a video of you reading your leaflet. Writing is there to be shared so make sure you share it with as many people as possible!
