

Tuesday 9<sup>th</sup> February LO: Learn about yarn bombing

We have been very lucky this week to have a guest speaker to tell us about the street art that they do in the local area. Please watch this video from Sharon Damsell to learn all about the street art of yarn bombing:

As Sharon said at the end of her clip, an easy way to create some of your own yarn bombing is to make a simple pom pom, all you need for this is some card and some wool. To make your own pom pom, please follow the simple steps shown in this video below:

The yarn bombing society have made up a few packs with some knitting needles, wool and simple chain instructions that we will leave at the front of school, near the reading books which those who are interested can pick up on a first come first served basis, observing social distancing.

If you find pom poms are a bit tricky, you could yarn bomb a tree by wrapping wool around a branch, or creating a simple yarn bombed stick by bright wool around a stick, a pebble or an old cd to hang somewhere.

Please do send in images of your creations.
