

RE Lesson 2

LO: Understand the story of creation

1. Think about and discuss how you think the world began. Christians believe that the God created the Earth and that the story of creation took place over seven days. Watch the clip <https://www.youtube.com/watch?v=uaTlCoviQKA> which shows the story of creation.
2. Use what you have learnt about the story of creation to create a 7 day creation wheel craft, using the PDF on the website, or making it in your own crafty way (see video instructions)
