My video instructions:

Main activity:

Today I would like you to spend the whole session on the main activity. Re-read the poem (you can find this on yesterday's sheet) we have got to know and then I would like you to take all the great words and descriptions that we have learnt about the barn owl and to talk through with a helper how you could create a barn owl acrostic of your own, like mine on the video instructions above. You can use the space below to record, or you may want to use the neat owl lines on the separate sheet, or work straight into your book.
