

Monday 22nd February LO: Understand about giving thanks.

Discuss with your helper what you should do when someone gives you something or does something for you?

Do you always remember to say thank you - even with someone very familiar?

How does it feel if you do something and the person forgets to say thank you?

Watch this story (can take a couple of minutes to load):

<http://request.org.uk/restart/2015/09/22/the-man-who-said-thank-you-the-healing-of-the-10-lepers/>

Discuss again, how many people were healed?

How many said thanks?

How did Jesus feel when the one man said thank you?

How did he feel about the other nine men?

Who might we need to give thanks to in our lives?

Main activity:

Think of someone in your life that you would like to give thanks to for something. Fold over a piece of paper, or card and create them a thank you card - clearly write in the inside exactly what it is that you are thanking them for, notice when you give the card how it then makes that person feel.
