

Please watch video instructions first

Friday 5th February LO: Record facts about Bristol

Starter: Please listen to the video dictation of the sentence below, do not copy it, hold it in your head and see if you can write it accurately - ask an adult to read it out loud if you are not doing it along with the video: **Bristol is a city in North Somerset.**

Main activity: Either use the mind map space below, or even better, create your own with your own headings and image to record a minimum of 5 facts (more is better) in full sentences about Bristol. Start by recording what you already know and then do some research online to add more, <https://visitbristol.co.uk/> is a good site, but there are many others.
