

Tuesday 2nd February LO: To look at and create lock on art

Watch the video about lock on art :

Think about all the examples we saw.

Think about what lock on art you could make, e.g. using pavement chalk to draw around a crack in the ground, like the skull below, drawing something on paper that you could attach to another object, like the mouse below or actually attaching an object to something, e.g. a lego figure to make an interesting image.
