Fact of the day $1000 \div 2 = 500$

a. A potato weighs 285g and a peach weighs 110g.

How much heavier is the potato than the peach?

$$285\text{g} - 110\text{g} = 175\text{g}$$

b. How much do the eggs weigh?

425g

c. There are 46 people on a bus. 19 people get off at West Buckland then 15 get off in Wellington. 27 more people get on.

How many people are on the bus now?

$$46 - 19 = 27 - 15 = 12 + 27 = 39 \text{ people}$$

d. What is the value of 1?

£1.04 £3.17 £2.21

One pound ten pence one pence
