Theme: The Water Horse Creative writing.

Watch the trailer of The Water Horse (or if you have the opportunity, the whole film).

Write or type a short story about the discovery of a mysterious egg and **stop** writing at the point when the egg hatches.

Where is your story set?

What time of year is it (show not tell)?

Who finds the egg?

What does the egg look like? Feel like? Sound like?

Does your character hide it? Where? Inside? Outside?

How does it hatch?

Describe in detail the creature that emerges from the egg.

Finish with a question to make the reader wonder what the creature is.
