Write a list poem of all that things that you might catch when fishing.

Remember to use your adjectives, adverbs, and prepositions.

Here is a list poem about rock pooling:

I peer into my fishing net and see:
A springy shrimp with googly eyes,
Three swirly pearly shells.
Sand of multi colours,
A ring-pull from a can.
A neon-green knot of fishing line,
A smooth polished piece of glass.
BUT WAIT...there in the corner,
A snippy, snappy, side scuttling
CRAB!

Follow this structure but imagine you are fishing on a lake like in the film.

What is your ultimate catch?

I wind up my fishing reel and I see:

_____.

_____.

_____.

BUT WAIT..._____

A _____

_____!
