

Introduction to history theme:

Look carefully at this timeline. The Bronze Age and the Iron Age came after the Stone Age. Can you also see that the time of the Ancient Egyptians was happening throughout this time far away in Egypt.

People were great inventors even in ancient times. You are going to find out how creative the people were who lived in Britain throughout the Bronze and Iron Age and how their inventions changed the way they lived forever.

Bronze Age to Iron Age in more detail:
