Week 2 Day 3

### Place Value

What number is shown by the arrow?

Reveal answer

### + and -

$87 + 5 = \square$

$600 - 500 = \square$

Reveal answer

### × and ÷

$7 \times 10 = \square$

$35 \div 5 = \square$

Reveal answer

### Problem Solving

Reveal answer

What is the missing number?

Reveal answer

### Reasoning

I have more acorns than Alison.

Is Henry correct? Explain your reasoning.

Menu
Week 2 Day 4

### Place Value

What numbers are hidden on the number line?

Reveal answer

### + and -

$56 + 40 = \square$

$94 - 8 = \square$

Reveal answer

### × and ÷

$6 \times 5 = \square$

$30 \div 10 = \square$

Reveal answer

### Problem Solving

What fraction of the leaves are orange?

Reveal answer

### Reasoning

$\frac{4}{10}$  of the tractors are red.

Is Alison correct? Explain your reasoning.
