LO: The salvation story

- 1. Genesis 1:21** "And God created great whales, and every living creature that moveth, which the waters brought forth abundantly, after their kind, and every winged fowl after his kind: and God saw that it was good."

God created a world that was good.

- 2. Romans 3:23** for all have sinned, and come short of the glory of God;

People have sinned.

God made everything and saw that it was good - so people are good (Genesis) but people have sinned (turned against God) and gone their own way - so people are also bad. Simplistically, Christians believe that people are made in God's image so have huge potential for good, but also are fallen and have huge potential for sin.

The Christian salvation story makes four main claims:

1. God created a perfect world
2. Humanity went wrong
3. To save humanity, God had a salvation plan
4. God entered into the world as Jesus Christ who saved humanity.

Using the pictures below can you sequence the salvation story. You may: cut and stick the pictures; Copy them out in the correct order or; draw your own version.
