

Tawny Owls and Woodpeckers Pre-learning task

What was life like for children in Britain during World War 2 ?

Over the holidays complete the task below to help you begin to learn about our topic ready for September.

My Evacuee Suitcase

During World War II, the British government organised the evacuation of over 1.5 million children, mothers, and teachers from urban areas to the countryside to protect them from potential German bombing raids.

If you had been an evacuee, what would you have packed in your suitcase ?

Some of the items you choose might be practical and some might be to remind you of home.

Presenting your work

Choose one of the following ways to present your work.

- Draw a suitcase and all the things you would pack in it.
- Write a packing list explaining why you chose each item.
- Make a model suitcase with the different items.
- Be creative – how else could you share your learning ?

We look forward to seeing your home learning presented to a high standard.

Please bring it in on the first day of term, **Thursday 4th September.**

Mrs Williams and Miss Jenkin
