Label the different countries of the UK. Use capital letters for names.

Locate the capital city for each country. Add these labels to your map.

Countries of the United Kingdom

Look at the map of the United Kingdom below. Label the different countries in the blank boxes.

Topography describes the physical features of an area of land. These features typically include natural formations such as mountains, rivers, lakes, and valleys.

Manmade features such as roads, dams, and cities may also be included.

Can you name 4 or more topographical features that would be of interest to a tourist visiting each country? London England has been started for you.

London England	Cardiff Wales
Big Ben The Houses of Parliament	
Belfast Northern Ireland	Edinburgh Scotland
