LO: Complementary colours

Complementary colours are colours that appear opposite each other on the colour wheel for example red is directly opposite green. Red and green are complementary colours.

Your Task

Your task today is to write your name in bubble/graffiti writing. You can do that multiple times or you may split your name into sections. Once you have written your name you are going to colour it in using complementary colours. You will colour your name in one of the colours and the background another e.g. your name could be green and the background red. You may section off your page and use more than one pair of complementary colours if you want to. Have a look at the pictures below for some ideas.
