

Monday 18.01.21 Maths Fluency

Those questions with (M) beside them should be tried mentally. Those with (W) are normally more efficient using a written method.

1) $80 + 70 =$ (M)

2) $60 \times 40 =$ (M/W)

3) $528 \div 8 =$ (W)

4) $\frac{3}{5}$ of 30 = (M)

5) $4,543 + 5,567 =$ (W)
