Lesson 3: Using a Device

Creating Media - Video Editing

Jane Adamson

Task 1 - Safe Handling Top Tips

Task details:

What top tips should you have for the safe handling of equipment and devices?

Think about handling and your plans for recording using your device.

Make a list of your top tips.

Task 2: Showtime

Watch the video in the Worksheet and then make notes of the shots used, where they were used and why you think the film maker used the particular shots.

Shots: Static, Zoom, Pan and Tilt.

Make notes while you are watching the video and then complete the table on the next slide,

Task 2: Showtime

Technique	Evidence	Why is it effective?

Task 3: Storyboard

Use your storyboard from Lesson 1. Add the different types of shot you will use in the notes section.

If you haven't made your storyboard, begin now to plan your video using the template on the next slide.

Consider:

- Message
- Theme
- Plot
- Characters
- Props

Task 3: Storyboard

Scene:	Scene:	Scene:
Notes:	Notes:	Notes:
Scene:	Scene:	Scene:
Notes:	Notes:	Notes:

Task 4: Think, Reflect, complete

You can use a maximum of 280 characters.

What was one thing you liked about the lesson?

What was one thing would like to have another go at?

What was one thing you found interesting?
