

Friday 01.05.20 Maths Fluency

Those questions with (M) beside them should be tried mentally. Those with (W) are normally more efficient using a written method.

1 $7 + 8 + 7 =$

(M)

2 $87,543 - 58,542 =$

(W)

3 $54.6 \times \boxed{} = 5,460$

(M)

4 $79 + 40 =$

(M)

5 $84,932 + 11,761 =$

(W)
