

WALT: understand and create metaphors

Task 1: What is a metaphor?

Watch these clips to help you understand what a metaphor is and read through the power-point resource:

<https://www.youtube.com/watch?v=JPEmbt8Qoy0>

<https://www.youtube.com/watch?v=gEPL1UvIXuo>

Task 2: Metaphors for the sea

Try to create 5 different metaphors linked to the sea.

Think about how it moves, what it looks like, colours, smells, how the sun reflects from the surface. You could also include emotions (personification) to help describe the sea. Consider when it's calm and when it's rough.

e.g. The sea is a smooth, polished piece of glass, dazzling and dancing in the sunlight

Have a look at this website for metaphors about the sea and rivers which might help with some ideas:

<http://www.colorwize.com/SEAColorwize.html>

You could extend by describing the sky above.
