

### **Monday 20.04.20 Maths Fluency**

Those questions with (M) beside them should be tried mentally. Those with (W) are normally more efficient using a written method.

1)  $80 + 70 =$  (M)

2)  $60 \times 40 =$  (M/W)

3)  $528 \div 8 =$  (W)

4)  $\frac{3}{5}$  of 18 = (M)

5)  $4,543 + 5,567 =$  (W)
