

## Tuesday 21.04.20 Maths Fluency

Those questions with (M) beside them should be tried mentally. Those with (W) are normally more efficient using a written method.

---

1      $80 \times 50 =$

(M)

---

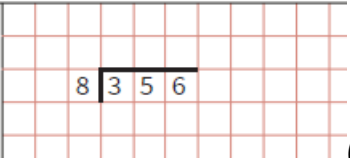

2      $600 + 800 =$

(M)

---

3

(W)

---

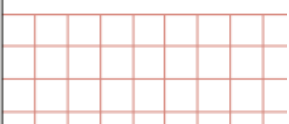

4      $54 + 35 =$

(M)

---

5      $8,436 + 1,387 =$

(W)
