

Week 2 LO: Geographical Diversity of Africa

Task 1: Watch this video clip showing the different ways we can look at the geography of Africa: <https://www.youtube.com/watch?v=BPjQGYaBDtq>

Task 2: Read through the powerpoint looking at climate, population vegetation and culture.

Task 3: Using page 13 from the powerpoint as a guide, draw and colour using a pencil, the different vegetation areas on the map below.

Extn: Draw and label a red line for the Equator and dotted lines showing the latitude lines of the Tropic of Cancer and the Tropic of Capricorn (use slide 6 to help you).
