

## Monday 25.01.21 Maths Fluency

Those questions with (M) beside them should be tried mentally. Those with (W) are normally more efficient using a written method.

Answers:

---

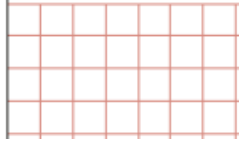

1	$6 \times 12 =$
---	-----------------

(M)

---

2	$6,483 + 7,835 =$
---	-------------------

(W)

---

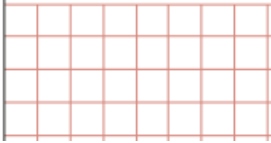

3	$61 + 30 =$
---	-------------

(M)

---

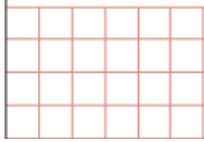

4	$83,328 - 76,397 =$
---	---------------------

(M)

---

5	$657 \div 10 =$
---	-----------------

(W)
