

## Friday 29.01.21 Maths Fluency

Those questions with (M) beside them should be tried mentally. Those with (W) are normally more efficient using a written method.

Answers:

---

1      $7 + 8 + 7 =$

(M)     22

---

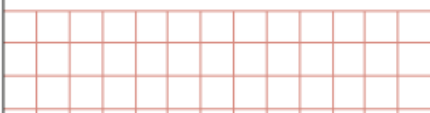

2      $87,543 - 58,542 =$

(W)     29,001

---

3      $54.6 \times \boxed{\phantom{00}} = 5,460$

(M)     100

---

4      $79 + 40 =$

(M)     119

---

5      $84,932 + 11,761 =$

(W)     96,693
