

Home Learning Challenges – Tawny Owls and Woodpecker Class

Spring Term

The Great Kapok Tree

What's happening to our planet?

This home learning is optional.

You can choose how you would like to present it.

We are looking forward to seeing your learning completed to a high standard.

<p>Research a biome. Present the information in an interesting way and include details about climate and animals.</p>	<p>Find out about tribal people who live in the Amazon Rainforest.</p>	<p>Build a small model of a shelter you might make if you were living in the rainforest.</p>	<p>Draw a diagram to illustrate what percentage of the Amazon rainforest has been destroyed. What is this as a fraction?</p>
<p>Create a rainforest board game using as many areas of arithmetic as you can.</p>	<p>Find out about a rainforest plant or animal which is at risk of extinction and create a poster to persuade people to protect it.</p>	<p>Write a song or poem about the destruction of the rainforest or other environmental issue.</p>	<p>Create a line graph or bar chart showing the average temperature or rainfall of a biome. Extension: Compare 2 different biomes.</p>
