Shared Reading answers

Retrieval

1. Where were the love letters found ?

Under the floorboards in a hotel in Scarborough

2. When do they think the letters were sent ?

Between 1941 and 1944

Words in context

3. Find and copy a word which means 'make changes to a building'.

renovations

4. Find and copy a word which means 'to come back together after a time apart'.

reunited

Inference

5. Do you think the pair who wrote the letters will be identified ? Use evidence from the text to explain your answer.

No because the letters don't include the people's names and have been nibbled by mice.

Yes because one of the letters has the initial M and an address for the woman at the time.
