Wednesday 22 nd July	Last day of term

Year 5 Civic Award Fundraising

Thank you to everyone who supported our Civic Award Fundraising after school last Friday whether it was helping children make the products or purchasing them. The children raised £155.98 for their chosen charities which are Children with Cancer, Great Ormond Street Hospital, St. Giles Animal Centre and the RSPCA.

Three children, Roy, Archie and Max, took their fundraising one step further and set up a Just Giving Page for their sponsored run completing 10km between them. They raised the incredible amount of £1000 for Breast Cancer Now.

Well done to all the children for wanting to be Agents of Change and make a difference. We are very proud of them all.

Staffing

I am delighted to share that Dora Allen will be returning to our school in September to teach in Year 3 four days a week (Tuesday to Friday). Over the last few years Mrs Allen has been working as an English advisor supporting in many schools. Alongside the high quality teaching that Mrs Allen brings this knowledge and expertise will only benefit us as a school.

I am also thrilled to share that Mrs Gregory will be continuing in our school and she will be moving up with Kingfishers to teach them one day a week. We are very fortunate to have Mrs Gregory as she is a very experienced skilled teacher who brings a wealth of knowledge. This will also bring continuity for the children as she has been teaching them this year too.

Finally, I am delighted to share that Josie Baker will be returning to us as a Teaching Assistant. Josie has worked in both Rockets and the school and I feel blessed that we will have her knowledge and experience again back within the school.

Play Equipment

Can I please remind parent/carers, that to ensure the safety and wellbeing of all, the children should not be on the school play equipment either before or after school. Thank you for your continued support.

The Big Future Survey

Dame Rachel de Souza, the Children's Commissioner, has launched a national survey called 'The Big Future'. She shares:

'It is crucial that I hear from children in every school and college, in every community, across the country. Without hearing from all children, their experiences, views and aspirations risk being missing from the national picture that will help shape future policy.'

'At a time of significant change for children and young people, it is more important than ever that their views are reflected in policy making. Through this survey, I can take the voices of children across the country directly to the centre of government.'
