

## Spring 2 – Woodpeckers and Tawny Owls - Pre-learning task

Next half term our question will continue to be

**‘What is happening to our planet ?’**

We will be using this book to support our learning.

In preparation for this new topic, please carry out some research linked to the **oceans and plastic pollution**. You could also link it to our continuing work on **living things and their habitats**.

You can choose what you would like to research and choose how you would like to present the information you find out.

We look forward to seeing your learning completed to a high standard.

### Resources needed

In Art we will be creating sculptures out of plastic. In order to create these, we will need plenty of plastic. We would be really grateful if you could start collecting the items listed below.

- **White plastic milk bottles – washed out.** We will use these to practise techniques for cutting and joining plastic.
- **Different coloured plastic bottles and containers – washed out.**
