Autumn Term Two – What Makes a Good Toy?

Please note: daily reading is the most important regular homework and it is essential that your child brings their book and reading record into school every day.

Toy Timeline	Toy Fact File	Toy Advertisement Poster	Toy-Inspired Pattern Art	My Senses Explorer Challenge:	Wild Card
Create a simple timeline showing how toys have changed over time. Include 3–5 toys from different eras (e.g., spinning tops, teddy bears, video games). Draw pictures or cut out images and label them with the decade they were popular. 	Choose one old toy (e.g., yo-yo, doll, train). Research 3 facts about it: when it was invented, what it's made of, and how it's played with. Write your facts in a fun fact file format. 	Imagine you're living in the past and want to sell a toy from that time. Design a vintage-style poster advertising the toy — include a catchy slogan, price, and drawing. 	Pick a toy with a strong shape or design (e.g., building blocks, spinning tops, marbles). Use that shape to create a repeating pattern on paper. Colour it in using crayons, paint, or pens— bonus points for symmetry! 	Use your 5 senses to explore your home or garden. What can you see, hear, smell, touch, and taste? Write or draw one thing for each sense. Safety tip: Only taste things with an adult's permission! 	Get creative and do something of your choosing that is linked to toys. The sky is the limit!
